DETAILED ACTION

Reasons for Allowance

1. Claims 1-3, 5 and 7-13 (renumbered 1-11) are allowed.
2. The following is an examiner's statement of reasons for allowance: the only remaining independent claim 1 has been amended to include limitations not found in the prior art of record specifying that a second image, determined to facilitate analysis of a first image corresponding to at least one segment of a feature, is determined from a corresponding segment of another feature having a different mask fabrication process. In this case, the applicant has shown that two different projection patterns are created from the same OPC design using masks generated from different mask fabrication processes. The first and second images are created from these different patterns and the two images are compared to evaluate the OPC design (see page 8, lines 5-19, Figure 8).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ryan J Hesseltine whose telephone number is 703-306-4069.

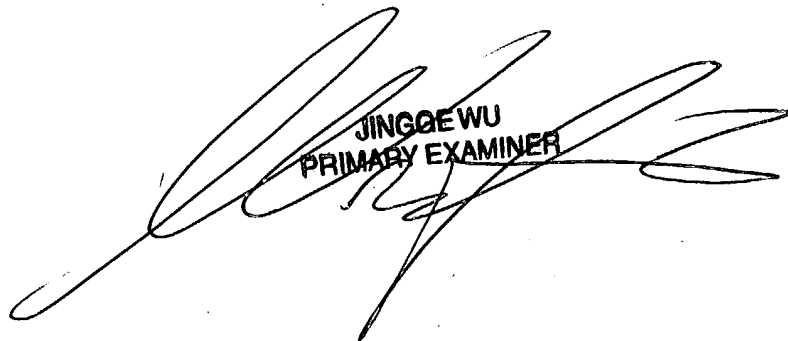

The examiner can normally be reached on Monday - Friday, 8:30 AM - 5 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Amelia Au can be reached on 703-308-6604. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
